**Colorado Mandatory Disclosure and Consent Form for Acupuncture**

Acupuncture has been explained to me as a treatment consisting of the insertion of needles through the skin at specific points on the surface of the body, by well-trained, licensed acupuncturists. Acupressure, acupuncture, moxabustion, cupping, allergy elimination technique, nutritional or herbal counseling are considered experimental procedures and are not considered a substitute for Western Medicine. Therapies and advice offered shall not be construed by the client to be a diagnosis or treatment of any disease or injury.

I understand that complications may result from acupuncture treatment. Among these possible complications are areas of anesthesia, fainting, weakness, nausea, hematoma, infection, pain and discomfort, pneumothorax, and aggravation of present symptoms. Being hungry, tired, or stressed can infrequently make the body more sensitive to the acupuncture treatment. Please tell your provider if you have any conditions that may inhibit blood clotting, such as hemophilia, or coumadin use. Please use caution walking with bare feet in the treatment room. I, the patient, further understand and agree to hold harmless, indemnify and protect against court action the individual acupuncturist/therapist as well as the management and owners of this clinic, in the event of accidental injury on these premises.

We gladly accept auto claims, workman's comp, and insurance as payment. Insurance coverage depends on your plan. Please call head of time to find out what your acupuncture benefits are. Colorado law requires all acupuncturists provide the following information to clients on their first visit:
